(The pool is only for members and their families, and is limited to two entries per member and his family.)

Your name:

## $\square^{\prime}$

Select 8 teams and fill them in on the chart below. (We will add the seed numbers.)
Designate one of those teams as your choice for the tournament winner by circling it.
Every win by your team scores its seed number of points. So, if a team is seeded 5 th, you get 5 points every time they win.
The object is to score the highest total number of points for this sheet by the end of the tournament.
You will receive 25 bonus points if the team you circled wins the tournament.
Save a copy for yourself and turn in a copy on March 20 it at the DCA.
